My life @ArtEZ Bachelor of Dance Christian Leveque

Who is Christian?

My passion for dance started when I was 8 years old. I was born and raised in Napoli – Italy. I watched my sister dance and loved the video's she made of herself and wanted to dance too. My family has always been very supportive of this. At 16 I first started with contemporary dance besides the classical.

In Italy there is a focus on a strong ballet foundation and after so many years I decided I wanted something really different. I auditioned to participate in FormAzione Tersicore (<http://www.arteeballetto.it/formazione-tersicore.html>). Once accepted I could follow masterclasses in Italy given by teachers from dance schools around the world over a period of six months. I was invited for the final audition and accepted by ArtEZ Bachelor of Dance.

What makes ArtEZ your place to be?

ArtEZ Bachelor of Dance accepted me as the individual I am. Here I have space for my own creativity and am stimulated to develop my own artistic vision. Moving to Arnhem in The Netherlands had a huge impact on my life and the support we each get is very good. In my study I am offered a broad scope of tools which prepare me for my professional life. The teachers really challenge me on a personal level. In the third year I can choose a profile for dancer or maker. I expect to choose the maker so I can learn to speak out more about my artistic vision and learn to collaborate with dancers. For me speaking out has always been hard but I feel good enough here to push myself out of my comfort zone.

What is your aim?

Staying in The Netherlands and work in a company where I can develop myself more. Maybe I can go back to Italy and tour there.

Personal message

ArtEZ Bachelor of Dance is a special place which welcomes you to bring your own roots and discover and develop yourself and push you beyond your limits. Starting here as a student coming from Italy was financially hard for me. I was really motivated to make it work and it is working. I am now combining my study with work to support myself. Don't stop yourself from studying here because of financial reasons.
