*Keren Ben Shachar*

## **My life @ArtEZ Bachelor of Dance Keren Ben Shachar**

### **Who's Keren?**

I am 23 years old and in my 4th year @ArtEZ Bachelor of Dance. I was born in Haifa, Israel and at 18 and I went to study @Maslul Bikurey Haitim in Tel Aviv.

After this intensive and very technical education I took some time to find out what I wanted next. Daniel Barkan, a friend of mine, told me about ArtEZ Bachelor of Dance. She was very enthusiastic about this academy in Arnhem, the Netherlands and took the chance to join the auditions in Tel Aviv. I wanted to study abroad and looked for the combination of dance and choreographer. The

possibilities of a scholarship helped me too to take the decision.

### **What makes ArtEZ your place to be?**

The people! There are so many different people -also studying other art forms- and they can cope with the freedom we get. Unlike other dance schools, it is hard to see what school the students of ArtEZ are from, because we develop our own personal styles!

### **What's your aim?**

First I want to explore the internship. I would like to dance in the Netherlands or in Belgium with a company or as a freelancer. In the future I would love to cooperate and create with my colleagues here. Now I am in the right network, so I can find my way. I came from so far: I am looking very positive to the future.

### **Personal message**

If you are looking for self-development and the best way to develop your OWN artistic language as a dancer and a maker: ArtEZ Bachelor of Dance is your place.
