Welkom in Nederland!

Seeking new creative opportunities, improving your artistic skills in a dynamic interdisciplinary environment? Welcome to ArtEZ University of the Arts! Every year we welcome students from Brazil to Japan in our visual arts, architecture, fashion, design, music, theatre, creative writing, dance and art education departments.

With locations in Arnhem, Enschede and Zwolle, ArtEZ is one of the major art institutes in the Netherlands. In addition to approximately 3000 students, ArtEZ employs 900 lecturers and other staff.

If you come to the Netherlands to study, you will notice that many things are arranged differently here than you are used to.

In this PDF document, you'll find all the information you need before coming to ArtEZ and for just after your arrival. Please read it thoroughly, because it contains important instructions and documents. Perhaps it isn't the most fun thing to read, but consequences might be far-reaching if you forget one of the crucial steps of preparation.

If you have any questions, don't hesitate to contact us at studentaffairs@artez.nl. We really look forward to meeting you at ArtEZ!

#1 BEFORE LEAVING

#1.1 Admission requirements

We are really happy that you have applied to study at ArtEZ and have chosen our university to develop your talent and passion. To fulfil the admission procedure, you must take the following steps:

Admission to the course of your choice

Each ArtEZ course has its own procedure to decide whether your artistic talent meets the criteria as set forth by the department. You might have to do an audition, show your portfolio, go through an interview or a combination of these. Check our website for the admission criteria of each course. You can also contact the departments themselves for more information regarding your admission procedure.

More information: <https://www.artez.nl/en/courses>.

Previous education

- To be eligible for a study in higher professional education (in Dutch: hbo) you are required to have successfully completed your training in senior general secondary education (havo), pre-university education (vwo) or senior secondary vocational education level 4 (mbo-4) or an equivalent level of education.
- For a master's programme the minimum requirement is a completed bachelor's programme or an equivalent level of education.

Please send us a copy of your diploma and a list of your grades no later than 31 August. If your diploma is not in the Dutch, English or German language, then you must supply us with a certified translation in Dutch or English.

Language requirements

You will need to prove your language proficiency by handing in a certificate stating your level no later than 31 August.

For certain study programmes, your language proficiency will be assessed during your admission.

Find out what level is required and which certificates we accept for your study programme by visiting the [ArtEZ website](#).

Important: organise your language certificate as soon as possible as it can take a long time to obtain one!

Please review the [Diploma List](#) to see if you are exempted from handing in a language proficiency certificate.

If you apply for a study programme for which Dutch is the main language of instruction, we strongly advise you to take a course in your home country. To find Dutch courses in your home country, you can contact the Dutch embassy.

Payment of tuition fees

Paying the tuition fees on time is compulsory for enrolment at ArtEZ. You can read more about this in section #1.2 (Finances) of this brochure.

ArtEZ can enrol you once we have received the following:

- tuition fees
- diploma & transcripts of previous education

- language certificate
- passport

Visa and permit

If you have the Dutch nationality, you don't need an entry visa and/or a residence permit to study in the Netherlands. If you have a different nationality and you do need an entry visa and /or a residence permit, ArtEZ must apply for it. In that case, please contact Student Affairs and we'll provide you with the information about the visa and permit procedure. More information can be found on the website of the [Dutch Immigration and Naturalisation Service \(IND\)](#).

#1.2 Finances

Tuition fees

For new students with the Dutch nationality or a Swiss or Surinamese nationality, the statutory tuition fees for 2024-2025 are € 2,530. Go to [our website](#) for more information about the tuition fees.

If you have already obtained a Dutch bachelor's degree and you've applied for another bachelor's degree at ArtEZ, your tuition fees are higher. The same rule counts for holding a Dutch master's degree and applying for another master's program at ArtEZ. If you want to be sure what the tuition fees will be in your situation, use the [tuition fee calculator](#) on our website.

Your tuition fees have to be paid no later than 31 August. After being admitted to ArtEZ, you will receive (or have received) a letter with detailed information about the payment of tuition fees. Tuition fees are raised each year. New amounts for the following year are usually announced around November.

Budget plan

Studying abroad can be expensive. Use this [worksheet](#) to see how much money you expect to spend each month. Also take a look at the average costs of living in the Netherlands. Check the video [Financial Plan | Study in NL](#) to find out more about the living expenses in your exchange destination.

#1.3 The Dutch study finance

Are you coming to the Netherlands to study, and do you want to apply for a student grant? Please go to [Student finance - DUO](#) for more information.

#1.4 Scholarships

Use [Studyfinder | Study in NL](#) to check which scholarships are available for your course.

If you have questions about the possibilities for a study loan you can contact the student counsellor in your ArtEZ city (#3.2).

#1.5 Housing

Are you planning on moving to Arnhem, Enschede or Zwolle for your study at ArtEZ? All three cities have a lot to offer you as a student. In the Netherlands, students do not live on a campus, and ArtEZ does not provide any form of housing. As a student you have to find your own housing. Please do not underestimate the challenge of finding accommodation, as it is often a long process. On this page we will give you some tips for your search.

Housing Crisis

In the Netherlands there is a national housing crisis. This results in a great shortage of housing including student housing. The number of available rooms available (in all the three cities ArtEZ is located) is far too low. So start your orientation on housing **months before** coming to the Netherlands. We kindly invite you to take this situation seriously before coming to the Netherlands. It could be that none of the options for finding a place has worked for you, and you have not found a permanent place before you travel to the Netherlands. If that is the case, there is nothing we can do to help you when you arrive here, and you have no place to stay or live.

ArtEZ Community

We use three Facebook group to act as a community for housing. One for every city (Arnhem, Enschede and Zwolle). Here ArtEZ students can share tips for vacant rooms and offer furniture to new international students. When you want to join one of the groups you will be asked for a password to confirm that you are a (future) ArtEZ-student. Use the password you find below.

- **Arnhem**

More information

- For more information about housing, go to [Housing for immigration](#). If you have more questions, please send an email to [StudyatArtEZ](#).
- You can also find more information about living in the Netherlands at [Study in NL](#).
- Check this video: [Student Housing in the Netherlands | Study in NL](#)

DUTCH CULTURE

Dutch culture is generally very informal and easy going. For example people mostly use their first names when introducing themselves. One exception are appointments: Dutch people tend to show up a couple of minutes before their appointment in order to make sure that they are on time. Most Dutch people are open-minded, freedom-loving and accepting towards foreigners. At first they might seem a bit close-mouthed, but as soon as you get to know them a bit better, they can become very loyal friends. (source: www.studyinnl.org)

#1.6 Insurance

If you don't have proper insurance, medical expenses can be very high in the Netherlands. That's why everyone living or staying in the Netherlands is obliged by Dutch law to have a healthcare insurance. Being uninsured means, you'll risk a huge fine.

You must organize your own insurance. You should never be uninsured, not even for a short period of time. Before your arrival in the Netherlands, please check that you are insured according to the Dutch health insurance requirements.

Our insurance partner Aon offers student insurances. Please check the [Aon website](#) for more detailed information. Here you can apply for the insurance as well.

More information

- The website [Study in NL](#) gives you useful information about insurances in the Netherlands in general and has a helpful checklist.
- Check this video: [Applying for health insurance | Study in NL](#)
- Please contact the [Student Affairs Department](#) if you have any questions about medical insurance.

#1.7 Webinars

To help you prepare for your move to the Netherlands, we will schedule two webinars you'll be able to join. Invitations will be mailed out closer to the day itself, but you can already mark these in your calendar. You will be able to ask questions during all events.

Discussion on moving to the Netherlands and Dutch culture

→ Wednesday April 3th | 11.30 – 12.30 CEST

In this meeting, we'll be joined by ArtEZ' students who will share their experiences and opinions on moving to the Netherlands for their studies. They will discuss what they think is most important to prepare well in advance and how to go about it. The topics of this webinar are open to what our students wish to tell you, but we will definitely discuss housing and finances from their point of view.

The formalities of moving to the Netherlands

→ Wednesday June 12th | 11.30 – 12.30 CEST

→ Wednesday June 26th | 14.00 – 15.00 CEST

Our second webinar discusses what we have also listed in this brochure; all the formal sides to moving abroad. It will be especially important for non-EU students who need a residence permit to study here, as they will be obligated to have or do these things. Some topics we'll discuss are insurances, residence permits and getting a bank account. The webinar offers a different format to this brochure and our website, but most importantly allows you to directly ask questions!

#2 UPON ARRIVAL

#2.1 Introduction activities

Introduction programme for all the new students

To give all the new Bachelor students a warm welcome at ArtEZ, there is an introduction period just before the beginning of the academic year. Each ArtEZ location organises its own introduction programme. We strongly advise you to join this, as it is the best way to get to know ArtEZ and make friends in your new hometown! The introduction period will take place in the week before the start of the academic year. You will receive an invitation for the introduction days by email.

Welcome programme for new international students

For international students, there will be welcoming programmes per city. They will be organised separately or will be integrated in the introduction programme for the new students. The welcoming programmes will take place somewhere during the two weeks before the start of the academic year. During this welcome programme you'll get information about practical issues like opening a bank account, registration at the municipality and the Dutch healthcare system. But there will also be time to get to know other international students and have fun together. We will send you an invitation email for the Welcome programme. So keep a close eye on your email!

#2.2 Registration at the municipality

Within a few days after signing your rental contract, you must register yourself as a new resident of the town where you are living. This is done at the city hall. After registration, you receive a tax- and social security number (in Dutch: BSN = burgerservicenummer).

To arrange your registration, you must go to the municipality of the place you will be residing in. Check the municipality website to make an appointment. There you will find which documents you need to hand in.

Students from Aruba, Curaçao, Sint Maarten and the Dutch Caribbean must deregister from the PIVA population registry. Deregistration from the PIVA register is a precondition for registration in the Personal Records Database (BRP).

Important note: In most cities you have to bring a valid passport, your rental contract and your birth certificate (translated in English, German, French or Dutch). You must also take the certificate of deregistration from the PIVA administration with you to the Netherlands and hand it to the municipality where you are going to live. Check the Dutch government website for more information.

More information

- Go to the website of your municipality: [Arnhem](#), [Zwolle](#), [Enschede](#)
Unfortunately, the website of your town may not be entirely in English. You can ask a fellow classmate to help you make an (online) appointment at city hall or contact the [Student Affairs Department](#) so we can help you.
- Check this video: [Registering with the municipality and getting your BSN | Study in NL](#)

#2.3 Dutch bank account

We strongly advise foreign students to open a Dutch bank account. This makes it easier to pay for things such as food, transport, living, utilities, rent, phone, Internet etc. You need a BSN number to open a Dutch bank account. If you don't have a BSN yet, you can open a bank account with the [ABN AMRO](#). Read also this [factsheet](#) for more information. However, you must provide your BSN within 120 days after opening your account. Read more about how to obtain a BSN number in #2.2 Registration at the municipality.

If you already have a bank account in a country that is a member of SEPA (Single Euro Payments Area), it is not strictly necessary to open a Dutch bank account. You are advised to contact your own bank for more information.

Usually, the required documents are a proof of enrolment at ArtEZ (you can get this at the Student Affairs Department), a proof of residence and a social security number (see section #2.2). We advise you to check the exact requirements on the bank's website. You should provide the Student Affairs Department with your bank account number as soon as you have it.

#2.4 Medical care in the Netherlands

Emergency Care

In case you are in immediate need of an ambulance, the police or the fire brigade, call 112. This is the national toll-free emergency phone number.

Family Doctor/General Practitioner

If you are in need of medical help, you go to a General Practitioner (GP=family doctor). Do not go to the Emergency Room at a hospital, unless there is an emergency.

You must register with a GP in your area as soon as you are settled, even if you don't need a doctor right away. We also advise you to register with a pharmacy as soon as you are settled. You can ask the GP for a good pharmacy in the area.

If the GP thinks that further medical examination is necessary, they will refer you to a specialist, often located at the hospital. This is customary in the Netherlands.

If you forget to cancel a scheduled appointment, the GP will charge you for an unattended medical consultation, so make sure you inform the doctor at least 24 hours in advance if you are not able to go!

More information

- You can find more information about health topics and healthcare in the Netherlands via [GPinfo.nl](https://gpinfo.nl).
- Check this video: [General practitioner | Study in NL](#)

#2.5 Working in the Netherlands

If you want to work in the Netherlands, **it can change your insurance situation!**

You are advised to take this into consideration before starting a job. Please contact your insurance provider for more information about your situation.

Financial aid

International students working alongside their studies are often entitled to financial aid from the Dutch government. This is meant to compensate the costs of the Dutch health insurance you had to buy in order to work. To receive this healthcare benefit. Visit the [Dutch Tax Administration website](#) for more information about the criteria you must meet.

More information

- Go to [Insurance | Study in NL](#) to read more about healthcare insurance.
- Check this video: [Work while studying | Study in NL](#)
- Check the video [Volunteer while studying | Study in NL](#) if you want to work as a volunteer while studying.

#2.6 Public transport

A typical Dutch form of transport is... a bicycle. You have never seen more bicycles anywhere else... We recommend buying a second-hand bike once you have arrived in the Netherlands. Useful websites for buying a second-hand bike could be: [Marktplaats](#) (the Dutch version of Ebay) or [Scalabikes](#) (only in Dutch). Also, most towns have a group on Facebook where you can exchange or buy cheap second-hand stuff.

Instead of buying a bike, you can rent one as well. The company [Swapfiets](#) offers a special long term bike rental service for students in Arnhem, Zwolle, Enschede and a lot of other Dutch cities. You pay a monthly fee for a bike, and if it is broken you can easily swap it for a working bike without extra costs.

For longer distances you can use public transport such as bus and train. The Dutch public transport infrastructure can take you almost anywhere in the country. Most Dutchies own a so-called OV-chip card which they can use for all forms of public transport. You can buy an OV-chip card from any NS (Nederlandse Spoorwegen = Dutch Railways) ticket machine or service counter as well as in most supermarkets and bookstores (Primera, AKO, Bruna). You can also use your bankcard, creditcard or phone to check in and out.

Please note: The Dutch Railways offer various [discount options](#). You need a personal OV-chip card to make use of the discount, which is only available if you have a Dutch bank account. More information about the Dutch Railways: www.ns.nl/en.

More information

- Go to [Travelling with the OV-chipkaart](#) for more information about the OV-chip card.
- Check this video: [Public transport | Study in NL](#)

They can talk you through challenges or possibly refer you to resources that could help you successfully complete your studies. To find out who your study career coach is, contact the course office of your study program

#3.4 Confidential counsellor

ArtEZ has two independent confidential counsellors. You can find the contact information on our [website](#).

What can the confidential counsellor do for you?

If you feel that your studies are being hampered by someone else's behaviour, then you can discuss this with the confidential counsellor. The confidential counsellor will advise you on how best to tackle the situation and, together, you will seek to identify a strategy that best suits you and the situation. Thus, enabling the confidential counsellor to give you guidance when it comes to addressing the party causing the problem, or to enlist the services of a mediator upon your request. The confidential counsellor will be a sympathetic ear and is independent. The confidential counsellor is a member of the [Landelijke Vereniging van Vertrouwenspersonen](#) (National Association of Confidants) (only in Dutch) and is bound by the confidentialitycode that can be found on their site (only in Dutch).

Studiamigo|u is committed to increasing the study success of Caribbean-Dutch students in the Netherlands. In addition to mentoring, students also encounter fellow students. In this way, they can help each other find their feet in the Netherlands. If you are interested, please send an email to studiamigo@levendetalen.nl.
