ArtEZ University of the Arts

Application for the exchange

The deadline for the Autumn Semester is the **1st of April***
The deadline for the Spring Semester is the **1st of November***

Semester 3 September to the end of January.
Semester 4 February to the middle of June

* Definite dates and timetable will be available before the start of your exchange

At ArtEZ, the exchange program is managed centrally, the ArtEZ International Office organizes and co-ordinates the exchange on your behalf.

Your contact person in the International Office is Marieke Steijvers, you can e-mail her for more information or further clarification.

You must upload the following via e-mail / via We-Transfer to M.Steijvers@artez.nl:

- **Application form**
- **Motivation letter**
- **Portfolio (max. 3MB)**
- **CV with personal data (address, former education, language skills et cetera)**
- **Transcript of Records**

If you have a preference for a specific teacher, for your primary module, please inform us of this on your application form. Incomplete applications & applications received after the deadline will not be processed.

Please inform ArtEZ if you have a disability at the same time as you submit your application. Our student counsellor (and if you want the International Office) will then look at the best options for you. Not all historic ArtEZ buildings are fully wheelchair accessible.

Recommended language & additional skills

The recommended language skills are specified in the Inter-Institutional Agreement.

As an 'Exchanger' you follow almost the same program as our regular students. If this is not possible, due to the language barrier, a customized program can be compiled. This is not planned for in advance as the class sizes are small and we endeavour to give our exchange students enough support as to minimize language problems.

****Language Education in Music & Music Therapy** - In order to join the program as an exchange student you must speak, read and write Dutch to a certified B2 level. This is compulsory, and you will not be considered for an exchange without it.

Additional information

Portfolio

A portfolio is a collection of work and ideas demonstrating the state of your creative development. Your creativity, knowledge, interests and skills are represented. All applicants must submit a portfolio as part of the admission process. Its primary goal is to show us how you communicate ideas and how you make use of research processes and materials. Your portfolio should contain 10-15 examples of your most recent work, that best represent your personal interests and abilities.

It is recommended that at least 50% of your portfolio work should be self-directed projects, i.e. work done outside of structured art classes. If you have worked on a collaborative project, please indicate what you have directly contributed to the project. Images from sketchbooks, journals and notebooks that illustrate your research and process are encouraged.

Admission

Applying does not necessarily lead to placement. All applications are submitted to the departmental coordinator. Successful applicants are selected on the basis of the quality of their application, their artistic ability and staff resources. Successful applicants will be notified by email within 6 weeks of the closing deadline.

ArtEZ University of the Arts

Insurance & Health

Students at ArtEZ must be insured for medical expenses. Make sure your health insurance has coverage for The Netherlands.

Cross-disciplinary

The School of Music offers numerous opportunities for cross-disciplinary projects with other ArtEZ programmes.

For example, in Enschede, the Music Therapy program often works with Music in Education. The programmes Media Music and Academy of Pop Music almost form a single program. In Zwolle, the interaction between Jazz & Pop and Classical Music is an integral part of the study program. In Arnhem, the Dance, Theatre, Creative Writing, Design, and Fine Art faculties share the same location, and virtually all disciplines are now collaborating.

Assessment standardisation

A test's assessment is expressed in the evaluations indicated below:

a grade on a scale from 1 to 10 with a maximum of one decimal, and where the grade "1" ("1.0") signifies "extremely bad" and the grade "10" ("10.0") signifies "excellent";

"pass" or "fail";

"+", "+/-" or "-".

The student has passed the test if his or her results fulfil the condition or conditions indicated below:

a grade of 5.5 or higher as based on a grading scale of 1 to 10;

the awarding of a "pass";

the awarding of a "+".

Jazz & Pop - Bachelor - Arnhem & Zwolle

"The boundaries between jazz and pop are flexible and dynamic. Interaction between the two can lead to new musical styles."

As exchange student in the program Jazz and Pop you learn about music, and about the ins and outs of your instrument, but you can choose the genre for a large part yourself, bebop, hard-rock, dubstep, free improvisation, Latin, fusion or whatever style you prefer as a main focus. The program objective is for students to choose from these options as they develop their own musical personality. We offer a wide range of minors that make personalized and innovative combinations possible.

ArtEZ has a Jazz & Pop program in two different cities of the Netherlands, Arnhem and Zwolle. Each location has a different focus and different language requirements.

An Exchange student officially signed in for an exchange program in Arnhem or Zwolle can however, choose teachers from both locations. The Jazz & Pop program for exchange students has a flexible and personal approach and may include modules/classes that are not offered in the department at the location of choice. For example we could have an exchange student in Arnhem Jazz & Pop with a weekly lesson with his chosen teacher in Zwolle, this would be stipulated in his learning agreement beforehand and of course all his/her other classes will be taken in Arnhem.

Choosing Arnhem or Zwolle

In each city there's a different focus on Jazz & Pop. The available course options can also influence your choice for a particular location. Choose the best option for you, the location where you think you can develop your musical personality.

Curriculum Jazz & Pop - Arnhem

Jazz & Pop in Arnhem focuses on artistic, individualistic musicians, who will decide for themselves whether they will either specialize or develop on a more all-round basis. They are also frequently interested in working with other arts disciplines, which is actively facilitated by the fact that Jazz & Pop is located on an arts campus with a great many interdisciplinary crossovers. For instance, the Department of Fashion Design has experimented with live music during a catwalk show. The presence of dance, theatre, fine art, fashion, composition for film and theatre, music theatre and other disciplines is a source of inspiration that also generates new forms of collaboration.

If you are joining us in the 3rd or 4th year you can try to connect with a coaching band. Coaching bands are bands formed by ArtEZ students themselves. These bands play their own style, from Jazz to Death Metal, from Free Impro to top-40 covers, the whole spectrum. The band chooses its own material, records in a studio for a few days, does at least 2 concerts in and outside ArtEZ, and much more. The bands are coached by a selection of teachers one afternoon every 3 weeks. In our opinion this is a nice start to networking. ArtEZ Jazz & Pop Arnhem is a lively international community: around 80% of the students comes from abroad, which gives many opportunities for collaboration during the studies and expanding your network over the long term.

All up to date information concerning Jazz & Pop Arnhem is available through the [online infokit](#). Find and click on your major, browse to the year of exchange and click on every subject you want to know more about. The moment an exchange student is accepted a study counsellor will help him or her during the proces of selecting the electives.

Jazz and Pop – Zwolle

Exchange students are welcome in Zwolle in semester 3, 4, 5, 6, 7, 8 year 2, 3, 4.

The Jazz & Pop course at Zwolle is characterized by its musical diversity and its positive atmosphere. During the first two years of the course a broadly based orientation lays the fundament for dealing effectively with a wide range of styles and roles in your future career. At the other hand this broadly based orientation and extensive knowledge you acquire are also a solid starting point for thorough specialization.

During the last two years, a wide range of electives gives you plenty of possibilities for that specialization, ranging from all-round musicianship to education and from composition to focusing on Pop, Jazz or related styles. Since the Classical Music department of ArtEZ is also situated in Zwolle there are also plenty of possibilities to work on cross-overs with Classical Music.

At the Jazz & Pop Course in Zwolle most bigger group classes are taught in Dutch, but smaller and individual classes can easily be taught in English as well.

Assessment Classical Music

Assessment by the primary subject instructor at the end of each semester.

Criteria

The student should have mastered the agreed elements.

Specific criteria: creativity, expression, improvisation, technique, sound, timing, reading skill, repertoire knowledge, progress, self-reflection, attitude and lesson preparation.

Examination procedure

At the end of both semesters the instructor fills out an assessment form designed specifically for this module. Assessment is comprised of a verbal evaluation and a concluding grade. The instructor reviews this assessment with the student during the first subsequent lesson.
